Meet Your Coach

ROSIE YEUNG, CPA, CA, CHRL

Hello! I'm Rosie

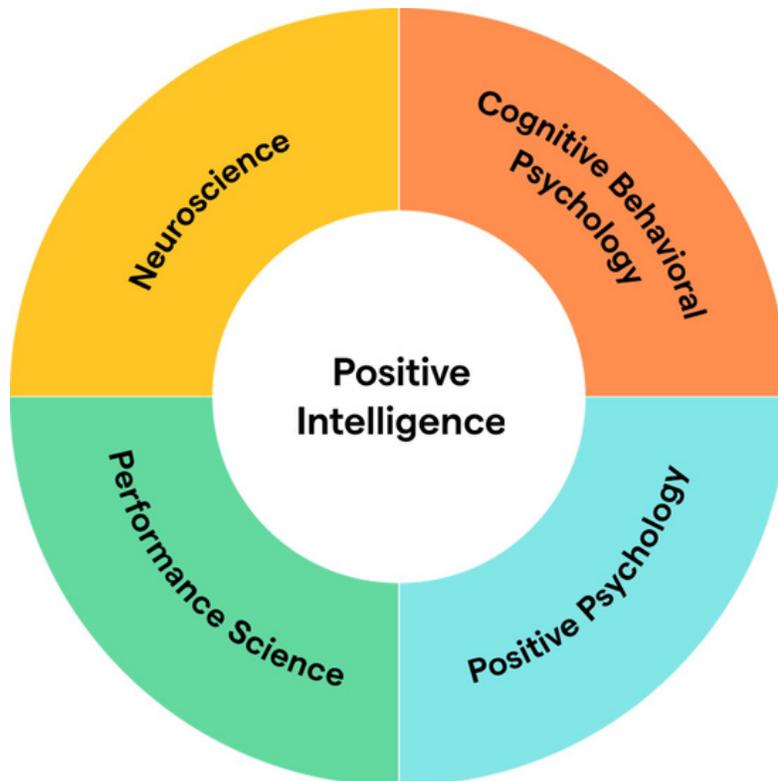

I'm a [Mindset Liberation Coach](#) and [JEDI Warrior](#) (JEDI = Justice, Equity, Decolonization and Inclusion). I designed this small group coaching program to help Asian diaspora women find freedom by **transforming** instead of **conforming**. I've experienced this first hand, because I'm one of them! I'm a Hong Kong-born, Canadian-raised, cis-gendered single woman who's spent my whole life trying to meet other people's standards instead of figuring out what **I** want. I was liberated by mindset change and positive psychology, and now I'm offering this culturally relevant Mastermind Group to help racialized women find theirs.

I'm also a Certified HR Leader, Chartered Professional Accountant, and Positive Intelligence Coach, with over 20 years of corporate executive experience. I leverage all my skills and experiences – my **whole** self – to help you Change Your Lens, Free Your Mind, and Transform Your Life.

How Does It Work?

The breakthrough neuroscience research of Positive Intelligence shows us how to rewire the brain at the root level rather than treating symptoms.

What Makes This Program Different:

Focus on Habit Formation

Most trainings result in short-lived improvements. For sustained results, we focus on building neural pathways that form lasting new habits.

Treat Root Cause, not Symptoms

Factor analysis research has revealed the foundational root-level enablers and disablers of optimal performance and wellbeing. We rewire the brain at the root cause level.

Develop all 3 Core Muscles

Mental fitness requires 3 core muscles. Saboteur, Interceptor, Self-Command, and Sage. Meditation only focuses on Self-Command, which is why it is not sustained by most.

Coachee Testimonial:

Rosie has been instrumental in providing insight into the dynamics of the structures and relationships around me in the corporate world. This program has helped me become aware of some of the invisible challenges of self-sabotage that may challenge people, especially racialized people, in the workplace. Rosie created an inviting and non-judgmental space for sharing failures and growth and building positive momentum. What a great model for the workplace! I highly recommend this program for anyone who is working in a team setting to be better equipped for conflict, self-awareness and facilitating team empowerment.
